Risk of Injury- We acknowledge and understand that there is a risk of injury involved in athletic participation. We understand that the student-athlete will be under the supervision and direction of a MCS D athletic coach. I consent for/to my child's participation in extra-curricular activities. I acknowledge and agree that I am responsible for informing appropriate District personnel of any medical needs of my child and authorize MCS D personnel or other chaperones to take any and all medical actions they believe necessary for my child until such time as I may be contacted. I acknowledge and agree that MCS D, its officers, employees, agents and volunteers do not have or assume any liability for damages, losses, or injuries to the above-named student as a result of the student participating in this trip. Georgia High School Association Student/Parent Concussion Awareness Form

SCHOOL: _____

DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor "ding" to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial – that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSA athletics. One copy needs to be returned to the school, and one retained at home.

COMMON SIGNS AND SYMPTOMS OF CONCUSSION

- Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness
- Nausea or vomiting
- Blurred vision, sensitivity to light and sounds
- Fogginess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments
- Unexplained changes in behavior and personality
- Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

BY-LAW 2.68: GHSA CONCUSSION POLICY: In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.)

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

By signing this concussion form, I give _____ High School permission to transfer this concussion form to the other sports that my child may play. I am aware of the dangers of concussion and this signed concussion form will represent myself and my child during the 2015-2016 school year. This form will be stored with the athletic physical form and other accompanying forms required by the _____ School System.

I HAVE READ THIS FORM AND I UNDERSTAND THE FACTS PRESENTED IN IT.
